Troop Leader 30240

This is my first year as a troop leader. In the past I helped put together a troop for home schooled girls in my area. The awards I have earned through girl scouts right now are the Leadership pin. I currently do not work, as I go to school full time for Nursing. I would make a good delegate because I believe what girl scouts stand for. I want to instill those values into my daughter and other girls in my community. Girl Scouts gives the leaders the opportunity to shape the woman of our future and I would like to help make those decisions. Thank you

Laura Nugent
