Dear Board Development Committee,

Six years ago, I was privileged to attend the Girl Scout National Council Meeting in Long Beach, California. Once again, I would like to be a delegate to the National Council Meeting for Girl Scouts of Western Ohio. I feel that with more than 25 years experience in Girl Scouting in various capacities that I could be a strong delegate on the floor in debates and voting. The experience I had in Long Beach was very inspirational in making me a better leader in the Girl Scout organization. I learned more of the proper ways of running meetings under Robert's Rules of Order and obtained a greater understanding of the Girl Scout organization as a whole.

I have been nominated and received the Outstanding Leader Award, the Appreciation Pin, the Honor Pin, and this past year was thrilled to receive the Thanks Badge from Girl Scouts Maumee Valley Council.

My experiences in Girl Scouting include 6 years as a Brownie, Junior, and Senior Scout. For twelve years, I was leader for one or both of my daughters' troops, Brownie through Senior. After my girls entered college, I returned as a Daisy Leader off and on as needed. I was the Service Unit Director from 1995-99 for the Bay Park Service Unit, and returned to that position in 2004 and continue in that position at present time. During my 'off' years, I was the service unit registrar. I have been a trainer for the Maumee Valley Region since the early 1990's doing both Orientation and Introduction to Girl Scouts. I have also served on or chaired numerous committees within the Bay Park Service Unit and at the Council level.

I work for Toledo Public Schools as a Computer Analyst/Programmer in the Administration Building. I will not have a problem getting the time off to attend the National Council Meeting October 30- November 2, 2008.

Sincerely,

Kristin McCullough
