Girl Scouting for me has always been about helping others. As a girl my favorite part was the community service projects that we performed, and knowing that I could organize and accomplish these tasks. As an adult in the Girl Scouting community, it is about watching the younger generation meet their full potential by being a mentor. I believe that growing and nourishing strong women is the core of Girl Scouting. These beliefs and hopes for the future are what I would bring to being a National Council Delegate.

Thank you for your consideration -
